Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner of Patents and Trademarks

<h2 style="margin: 0;">Interview Summary</h2>	Application No. <b>08/822,186</b>	Applicant(s) <b>Rueger et al.</b>	
	Examiner <b>David S. Romeo</b>	Group Art Unit <b>1647</b>	

All participants (applicant, applicant's representative, PTO personnel):

(1) David S. Romeo (3) \_\_\_\_\_

(2) Z. Ling Yi (4) \_\_\_\_\_

Date of Interview 27 Jun 2000

Type: ☒ Telephonic    ☐ Personal (copy is given to    ☐ applicant    ☐ applicant's representative).

Exhibit shown or demonstration conducted:    ☐ Yes    ☒ No. If yes, brief description:

\_\_\_\_\_

\_\_\_\_\_

Agreement    ☐ was reached.    ☒ was not reached.

Claim(s) discussed: \_\_\_\_\_

Identification of prior art discussed:  
Sato (u21), Kubersampath (aa), Amman (ba).

\_\_\_\_\_

Description of the general nature of what was agreed to if an agreement was reached, or any other comments:  
Excluding synthetic polymers and demineralized bone from the device distinguishes over Kuberasampath's device.  
Limiting the claims to an osteogenic protein which is not associated with other osteogenic proteins with which it is  
normally associated would distinguish over Sato. Improved handling properties (smooth, moldable putty or paste), as  
taught by Ammann, is motivation to combine Ammann and Kuberasampath. The examiner expressed concern regarding  
entry of potential after final amendments, especially if proposed amendments necessitated a new grounds of rejection.  
Purified OP-1 is known in the prior art.

\_\_\_\_\_

\_\_\_\_\_

(A fuller description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)

1. ☒ It is not necessary for applicant to provide a separate record of the substance of the interview.

Unless the paragraph above has been checked to indicate to the contrary, A FORMAL WRITTEN RESPONSE TO THE LAST OFFICE ACTION IS NOT WAIVED AND MUST INCLUDE THE SUBSTANCE OF THE INTERVIEW. (See MPEP Section 713.04). If a response to the last Office action has already been filed, APPLICANT IS GIVEN ONE MONTH FROM THIS INTERVIEW DATE TO FILE A STATEMENT OF THE SUBSTANCE OF THE INTERVIEW.

2. ☐ Since the Examiner's interview summary above (including any attachments) reflects a complete response to each of the objections, rejections and requirements that may be present in the last Office action, and since the claims are now allowable, this completed form is considered to fulfill the response requirements of the last Office action. Applicant is not relieved from providing a separate record of the interview unless box 1 above is also checked.

  
**DAVID ROMEO**  
**PATENT EXAMINER**

Examiner Note: You must sign and stamp this form unless it is an attachment to a signed Office action.
